Happy Fucking Birthday

Author's Notes:
Okay it was Duff\'s 50s birthday a couple of days ago -Happy Birthday to that still fucking sexy man- but I just pretend it was Slash\'s :)

The phone rang again. Slash didn't really know if he should appreciate all that birthday calls or just find them annoying.

He answered it: "Hello?"

Nothing.

"Hello? Who's there?"

Still no word.

"Who the fuck is there? That's not funny. Can you talk please?"

"Don't fucking yell at me! Happy 50s birthday motherfucker."

PIIIIEEEEEEP

The line was dead and Slash stared at his phone. He had just heard the voice of his former front man in who knows how many years. And even thought it was the shortest one, it was the call that made Slash the happiest that day.
